Premier Seeks to Placate Irish Nationalists Before Parliament Debate May Have a Chance to Fan a Dangerous Situation Into Flame of Revolt in Northern Ireland.

Sheriff Edwards Announces Eylar May Run For Hudspeth's Job.

PARK PITMAN MAY NOT RUN AGAIN

THE coming county campaign promises to be a political glomeration. In addition to the report that there will be a full list of "ring" and "anti" ring candidates for every county office, independents, too, are expected to put out a ticket. Saturday at midnight the last poll tax receipt was issued and before the end of the week a complete list of political announcements is expected to be made.

Contrary to "ring" precedent, sheriff Peyton J. Edwards—and it is reported that he will be the ring candidate for reelection—makes his announcement without his running mates. The rule of the ring is that all its candidates make their announcements simultaneously.

Edwards, Announces. No doubt is raised by the announcement of the sheriff but the "antis" are puzzled over judge Adrian Pool, who has announced himself as candidate for the county judgeship. The "antis" believe that the "ring" will be the "ring" of Judge E. B. McClintock, who, without the "ring's" sanction had the courage to announce independence.

IMMIGRATION RESTRICTIONS URGED BY GULICK

President Favors Restrictions; Withholds Opinion on Literacy Test.

WASHINGTON, D. C., Feb. 2.—President Wilson regards it as a universal principle that there should be some restrictions to prevent what is known as "assisted immigration." He has not yet announced his position on the literacy test feature of pending immigration bills, and indicated today that he would not do so until consulted by leaders in congress. The senate committee on immigration has announced that it will seek the president's advice in the matter.

The reverend Sidney L. Gulick, lecturer at the imperial university of Japan, discussed immigration today with the president.

Under arrangements made by the federal council of the churches of Christ in America, which includes 26 Protestant denominations, Rev. Mr. Gulick has been visiting leading officials suggesting a new immigration bill. He suggested to the president his plans to treat all nations on a basis of equality, renouncing an insidious legislation which would discriminate against immigrants on the basis of race or nationality.

Percentage Applications. His suggestion is that by a rate of five percent, and under that, 405,000 Germans could be admitted, although 17,734 came in 1912; 351,300 English, whereas only 22,375 came in 1912; Italian immigrants would be reduced from 157,241 in 1912 to a possible maximum 54,350. The same rate would admit only 220 Japanese and 725 Chinese, whereas 1,000 came in 1912.

Rev. Mr. Gulick believes that by making qualifications for citizenship and by the percentage of immigrants from America and Asia, and of California and Japan would be conserved and harmonized.

Wilson Not Against Literacy Test. Secretary of labor Wilson informed congress today that he is not opposed to the principle of the literacy test. He recommended making the immigration law more specific in regard to "white slavery," and that skilled laborers be exempted from the literacy test.
